## REV. M'LEAN BROADCASTS GOOD TALK

SPEECH TO THE BOYS SENT OUT  
OUT INTO SPACE  
FROM WLAX

### GAVE MANY FINE IDEAS

Speaker Told How Lads Should Con-  
duct Themselves, Be Loyal, Be Re-  
ligious, Manly, Great Address

Tuesday night a speech in con-  
nection with Boys' Week which is  
being observed here was broadcast  
from the local radio station WLAX.  
Rev. Henry McLean, assistant to  
President Grose of DePauw Univer-  
sity, gave the address, which was one  
of the finest talks regarding boys  
ever delivered in Greencastle.

His talk is as follows:  
To all the fellows "listening in", I  
want to talk about the: BOY AND  
THE HOME.

First of all no home is complete  
without a real, live, noisy, fun loving  
boy in it, and of course no boy's life  
is complete without a good home.  
The "Home" means everything to a  
boy—it is a kind of miniature world.  
It contains about everything he needs.  
Think of your room, fellows, where  
you keep the things that belong to  
you; the old discarded toys and broken  
tools; the base ball glove that feels  
so good on your left hand; the pictures  
and notes from the girls; souvenirs  
from parties, and other things stuffed  
in bureau drawers right where you  
want them.

Think of your good old bed that  
just puts its arms around you and  
loves you to sleep when you are all  
fagged out. Gee, fellows, in twenty-  
five years you will look back and say,  
"Home is the best place in the world."

Think of your Mother, and the good  
things she can cook. Isn't it great to  
come home, hungry as a bear and find  
that Mother has cooked just the  
things you like best? Perhaps she  
scolded you every time you let the  
dog in house or tracked up the floor  
but you love her just the same.

When you were sick, Mother stood  
by you and put the cold cloth on your  
head; brought you things to eat in  
bed, and made a thousand sacrifices  
for you. If you live to be a hundred  
you will never forget the touch of her  
hand. You can never pay her back  
for all she has done for you, but you  
can thank her. You can tell her how  
grateful you are. The greatest re-  
ward a mother ever asks is the sin-  
cere expression of gratitude from her  
boy.

Be confidential and intimate with  
your mother. She loves you as no  
other woman will. No human being  
will ever love you more unselfishly.  
Do not withhold your affection  
from her. Kiss her and hug her just  
like you used to do when you were a  
little fellow. Stick to your mother  
through thick and thin. Always be  
loyal to her.

Let me say a further word.  
The real measure of your manhood  
is the way you treat your mother,  
your sister, and other girls. A boy's  
attitude toward the girls is the best  
indication of his character. Always  
treat the girls with respect because  
your mother was a girl. I admit,  
girls are queer sometimes. They love  
to torment a boy, especially if he  
takes things too seriously. But the  
real test of a boy's honor is his  
manly respect for his girl friends.

Most girls are pleasant and make  
mighty good friends. A true girl is  
interested in your dreams and your  
secret ambitions. You can talk to  
her of religious things. Her advice is  
generally valuable and her sympathy  
always warm and genuine.

Deal with every girl with the  
thought ever in mind that your mother  
was once as young as she.  
Treat your sister and every other  
boy's sister as you think your mother  
should have been treated when she  
was a girl.

How to manage Father:  
There is a great deal said about  
how fathers ought to manage their  
boys. There are two sides to this  
question. A boy ought to know how  
to manage his father.

Do not lose your father. There are  
more ways to lose your father than  
by death, in fact death is sometimes  
a wonderful way to separate.  
I mean losing your father through  
misunderstanding and even bitter-  
ness. You will never have but one  
real father. Be more than a son to  
him. Be a friend and a pal. If you  
can not be all he expects of you, at  
least you can be respectful and com-  
panionable.

You can get some things from your  
father which no one else on earth can  
give you. Stick to him. Do not let  
anyone come between you and your  
father.

Think what he does to keep the  
home together, furnishing food, cloth-  
ing and shelter. It is not very ex-  
traordinary, but it is very important to  
"pay the bills." Your father has been do-

### STUDENTS ARE EXPELLED

DALLAS, Texas, April 30.—Thirty-  
four students of the Southern Metho-  
dist University who figured in the  
"wilderness dance" at Savage Lake or  
helped publish "The Dinky" campus  
scandal sheet, were dismissed today  
by the faculty.

Nine of the students, including four  
editors of "The Dinky," were expelled  
—25 others who contributed to the  
outlaw publication or participated in  
the drunken revel were indefinitely  
suspended.

In addition the faculty discipline  
committee placed 22 students on pro-  
bation for the remainder of their  
scholastic careers.

## BOYS MADE MERRY AT THE HIGH SCHOOL

GREAT TIME HAD BY LOCAL  
BOYS AND FATHERS,  
TUESDAY

### GAMES WERE ENJOYED

Several Hundred Young Boys and Old  
Boys Played in High School Gym  
Talks Were Given

The Boys, big and little, gathered  
in the local high school gymnasium  
Tuesday night for a night of fun and  
play together. The meeting was a  
very successful one and was the first  
one of "Boys' Week."

About seven thirty, the boys and  
their dads began to pour into the gym,  
at eight o'clock, there were about  
two hundred youngsters and about  
one hundred dads present. During the  
games it was often hard to distin-  
guish the older ones from the younger  
ones by the spirit and vim they put  
forth.

The evening was formally given its  
send-off by singing which was in  
charge of Harry W. Moore. The boys  
sang "America" and then "The Star  
Spangled Banner," after which "Pep"  
Krantz, Coach Rhea and the boys  
played. They were divided into three  
groups of even numbers and then each  
group was given a leader. While  
one group was busy being entertained,  
by one leader, the other two were be-  
ing occupied by other leaders.

One group was in the first floor hall while  
the other two were in the Gym. Many  
interesting and exciting things were  
done. Games were played in which  
quick eyes and minds always won  
out. The boys would form a circle  
with one end on the floor. A number  
was called and the boy having that  
number was supposed to catch the  
wand before it could fall, it being re-  
leased at the time the number was  
called. Another which proved of in-  
terest was the one in which they  
formed a circle and Mr. Krantz took  
a ball about the size of a basket-ball,  
which had a long rope attached to it,  
and swung it in a circle on the floor.  
The boys had to jump in order that  
the ball might pass under their feet.  
Tug-of-war, and other features com-  
posed about an hour of good old  
fashioned, free hearted play for old  
and young.

After the play session, the boys  
formed a circle completely around the  
inside of the gym, all in a sitting po-  
sure, while their dads ranged around  
the wall behind them, and listened to  
two very good talks. Prof. Beyl of  
DePauw gave a talk on the boy in  
the home. He impressed the import-  
ance and the value of the home to the  
boy. He also explained the import-  
ance of the home training to the boy.  
He said the home is the foundry  
where men are moulded, yes, where  
nations are moulded, for the nations  
are the men.

After Prof. Beyl came C. C. Gillen,  
who gave the week's program out-  
line. He also talked of civic ques-  
tions. He said that when Greencas-

## BANKERS IN MEETING ON TUESDAY

PUTNAM COUNTY BANKERS AS-  
SOCIATION HELD BANQUET  
IN THIS CITY

### GOOD TALKS WERE GIVEN

Large Number Present and Addresses  
by Messrs Stout and Frier Were  
Highly Appreciated.

The Putnam County Bankers' As-  
sociation held its usual meeting in  
the dining room of College Avenue  
Church Tuesday evening. About fifty  
were present and heard able ad-  
dresses by Elmer W. Stout, presi-  
dent of the Fletcher American Na-  
tional Bank of Indianapolis and G.  
W. Frier of Purdue University, who  
is in the county interesting everyone  
possible in the proposed agricultural  
fair to be held this fall.

The officers elected for the new  
year are the same as for last year  
and include Russell E. Brown, presi-  
dent; James L. Randel, secretary and  
P. C. Goff of the State Bank, Rus-  
sellville, treasurer.

Mr. Stout in his address discussed  
the Federal Reserve Banking system  
and urged that bankers support it  
against any proposed radical legis-  
lation that might be introduced to  
change this system of banking in the  
United States. Mr. Stout praised  
the Federal Reserve system, saying  
it tended to allow the government  
enough financial freedom during the  
war to finance all war loans and it  
also prevented a panic in 1917 that  
would have been similar to that of  
1907.

Mr. Frier asked the support of the  
bankers of the county in the coming  
agricultural fair and said with ev-  
eryone boosting it, it could be made  
the success that it should be.

All the banks of the county with  
two exception were represented at  
the meeting.

### AWARD CERTIFICATES

Life Saving certificates have been  
awarded by the American Red Cross  
to the following DePauw students:  
Wells, Benson, Lockwood, E. T. Lock-  
wood, W. Freund, Powell, Cook,  
Blough, Ingram, Wall, McNew, Gay,  
Dake, Moag, Moore and Bullard in  
recognition of their passing the se-  
vere water tests which are prescribed  
by the Red Cross Life Saving Ser-  
vice.

These tests include undressing in  
deep water and swimming 100 yards;  
raising a 10 pound weight from the  
bottom by surface diving in 8 feet  
of water; making the three standard  
approaches to drowning people, front,  
rear, and under water; carrying a  
body 50 feet; breaking the four  
strangle holds which drowning peo-  
ple commonly try to take on rescu-  
ers; supporting a fully dressed body  
for one minute, and demonstrating  
the prone pressure method of resus-  
citation.

The new Life Savers started in a  
class that was formed here at De-  
Pauw University last year. More  
than 130,000 men and women in the  
United States have passed the above  
tests and now belong to the Red  
Cross Life Saving Service. The Na-  
tional organization reports that over  
30,000 lives were saved last year as  
a direct result of these volunteer  
life savers.

Capt. Bryant will be here for two  
days, May 7 and 8, and will give free  
public lectures and demonstrations at  
hours to be published later.

### IMPORTANT BOY SCOUT NOTICE

All members of the Greencastle  
Council, Boy Scouts of America will  
go with their respective schools on  
Thursday afternoon. All Scouts will  
report in uniform on the grounds and  
assemble at the bugle call.

All members of the Boy Scouts  
will meet tonight at the Scout rooms  
at 7:00 or as soon thereafter as pos-  
sible. Every Boy Scout must be on  
hand. This is an important meet-  
ing. Please report in uniform.

By Order of the Scout Executive  
R. W. HUFFERD.

Owen Cook has returned home from  
Goshen Springs, Kentucky. He will  
be at home about two weeks.

### BILLS TO FT. WAYNE

NOBLESVILLE, Ind., April 30.—  
Mark Bills, athletic coach in the  
Noblesville high school during the  
present term, today handed his resig-  
nation to the local board to take  
effect in June. He announced that  
he will have charge of football and  
baseball in the Central high school  
at Fort Wayne next year.  
For several years he was prominent  
in athletics at DePauw university and  
came here from Greencastle a year  
ago.

### VANDIVER HARD TO STOP

Fuzzy Vandiver of Franklin, foot-  
ball, basketball and baseball ace,  
seems to be one man that no team is  
able to stop in any thing he starts.  
Tuesday he knocked a home run with  
one man ahead of him, in the Butler-  
Franklin game and the Baptists won  
the game 4 to 2.

## COOLIDGE IS OHIO WINNER

COLUMBUS, Ohio, April 30.—  
President Calvin Coolidge and former  
Governor James M. Cox are Ohio's  
selections for the Republican and  
Democratic nominations for presi-  
dent.

Voters of Ohio, in yesterday's pres-  
idential primaries, gave decisive ma-  
jorities for Coolidge and Cox in the  
preferential vote and gave to each  
the state's delegations to their re-  
spective national party conventions.

Coolidge's victory over Senator Hil-  
lam Johnson was overwhelming. In-  
complete returns indicate the presi-  
dent won by a majority of more than  
6 to 1.

Cox apparently defeated William  
G. McAdoo by nearly 3 to 1.

## REBELLION IN SANTA CLARA

HAVANA, April 30.—The Zayas  
government today took drastic steps  
to put down rebellion which had broken  
out in the province of Santa Clara.

Orders were issued for arrest of  
all leaders of the Patriots and Vet-  
erans Association, the organization  
considered responsible for the rebel-  
lion and five men were taken into  
custody in Havana. They are Mario  
Garcia Valez, brother of General Va-  
lez; Carlos Arguaz, wealthy sugar  
planter and vice president of the  
Veterans Association; Dr. Oscar So-  
to, a lawyer and secretary-treasurer  
of the association; Federico Mora-  
lu, leader of the movement in Havana  
and one other unidentified man. The  
government announced loyal troops had  
clashed with the rebels at Juan De  
LaVeras, ousting them from the city  
hall, which they had seized. The re-  
bels sustained numerous casualties.

## INVESTIGATE A LOVE TANGLE

WHITE PLAINS, N. Y., April 30.  
—Investigation into the strange love  
tangle of Clarence O. Baring, his  
wealthy middle-aged wife, and "the  
other woman," today centered in an  
effort to find Miss Mildred E. Beam,  
comely Elizabeth, N. J., school teach-  
er, whom District Attorney Rowland  
says will be an "important witness"  
in the case.

Meantime Baring continues in jail  
unable to raise bail following his in-  
dignity on charges of attempting  
to kill his wife with poisons.

Miss Beam, a graduate of Teach-  
ers College, Columbia University, has  
been missing from her apartment, in  
Elizabeth since Monday. State  
troopers are searching for her in  
New York and New Jersey.

### THE WEATHER.

Cloudy tonight with probably rain,  
in east and central portion. Some-  
what colder in south portion Thurs-  
day fair and continued cool.

## HOME TOWN IS PROUD OF E. F. BRANCH

MARTINSVILLE HONORS NEW  
INDIANA EXECUTIVE. MANY  
CONGRATULATE HIM.

### AN INTERESTING CAREER

Mr. Branch Was Born and Raised in  
Morgan County. Has Been a  
Soldier in Two Wars

MARTINSVILLE, Ind., April 30.—  
Martinsville is proud of her most  
prominent son, Emmett Forest Branch  
governor of Indiana.

Not boastfully so, but proud as  
a matter of course.

Friends of the new governor called  
at the Branch home all day yester-  
day to extend their best wishes to  
the new governor, and a crowd was at  
the station this morning to see him  
depart for Indianapolis.

Branch announced that there would  
be no changes in the appointive of-  
fices of the state government and  
that he would carry on the general  
policies of the administration.

He selected Frank T. Singleton, a  
former newspaper publisher, as his  
secretary.

The new governor comes from one  
of the oldest families in Morgan coun-  
ty. Since the early days of the com-  
munity the Branch family has been  
prominent in the affairs of the county.

A Branch was a member of the In-  
diana legislature back in the '30's,  
and his grandfather was a chairman  
of the Republican central committee.

Governor Branch was born in Mar-  
tinsville May 16, 1874, the son of  
Elliott F. and Alice Parks Branch.

He attended the Martinsville pub-  
lic schools and upon graduation from  
the high school entered Indiana Univer-  
sity, majoring in law.

He was admitted to the Morgan  
county bar the year following his  
graduation. He is a member of the  
Beta Theta Pi fraternity and the Ma-  
sonic lodge.

Governor Branch was the first man  
to enlist from Morgan county in the  
Spanish-American war. He rose to  
the rank of first lieutenant and upon  
declaration of peace retained his com-  
mission in the Indiana National  
Guard. By successive promotions he  
rose to the rank of Lieutenant Colonel  
and up the outbreak of the world war  
he was given a colonel's commission  
and assigned to Camp Travis, Texas.

Branch served as state represen-  
tative from Morgan county for three  
terms and was twice speaker of the  
house.

He ran for lieutenant governor  
with Governor Hanley in his second  
race but was defeated.

He was elected lieutenant governor  
in 1920.

Branch has been engaged in the  
practice of law in Morgan county and  
is associated with his brother, F. O.  
Branch, in the Branch Grain, and Seed  
company.

Branch's immediate family con-  
sists of his wife, a son, James Elliott,  
two sisters, Miss Leafy Dell and Miss  
Olive Branch, and a brother, Forest  
O. Branch.

### U. S. AIRMEN WAITING

DUTCH HARBOR, Unalaska, April  
30.—Their flight three weeks behind  
schedule, the three American round  
the world pilots are waiting here for  
repairs to be completed on the plane  
of Major Frederick L. Martin, their  
commander, at Chignik.

Major Martin has encountered an-  
other obstacle in resumption of his  
flight following a forced landing at  
Chignik. He has wired that repairs  
on the Seattle would consume a longer  
time than he had anticipated.

### FARMHAND HELD FOR KILLING

CORYDON, Ind., April 30.—John  
Snyder, a farm hand, was held in  
jail here today charged with the kil-  
ling of James Lord, a farmer.

Snyder shot Lord after an argu-  
ment with Lord over wages, accord-  
ing to authorities. Snyder was em-  
ploye on Lord's farm.

### WABASH SMOTHERS D'PAUW

Wabash smothered the DePauw  
base ball team by a 11 to 4 count at  
Crawfordsville on Tuesday afternoon.  
The Scarlet nine collected seven runs  
in the opening frame and tallied four  
more markers in the fifth inning. At  
no time did the Tigers threaten the  
up-Monon aggregation.

Coach Ashmore used three pitchers,  
Stillwagon, Clippinger and Nutland,  
but Pete Vaughn's proteges pounded  
the DePauw hurlers for a total of  
eleven hits. The Tigers managed to  
get ten safe blows off of the delivery  
of Warner, the Wabash moundsman  
but they were scattered.

Capt. Joe Wyatt showed up well on  
defense, having eight put-outs and  
two assists to his credit. For DePauw  
Pruitt and Davis excelled. Score:  
R. H. E.  
DePauw 0 0 1 2 0 0 1 0 0 4 10 4

## ED JACKSON ADDRESSED A LARGE CROWD

REPUBLICAN GUBERNATORIAL  
CANDIDATE SPOKE HERE ON  
TUESDAY EVENING

### HE SPOKE VERY PLAINLY

Speaker, Who Is Secretary of State,  
Told Just What He Would Do  
If Elected To Office

Ed Jackson, secretary of state of  
Indiana, and a candidate for the re-  
publican nomination for governor,  
told a good sized audience in the as-  
sembly room of the court house Tues-  
day evening, what he proposed to do  
if nominated and elected governor of  
Indiana, and he also told them what  
he has done as secretary of state of  
Indiana.

Mr. Jackson discussed the present  
condition of the farmers; saying if  
elected he wanted to work out a so-  
lution of their problems as recom-  
mended by experts who are now work-  
ing on the subject.

He discussed the state highway  
system, advocating that it be con-  
tinued but said every dollar spent  
should receive a full dollar's value.  
He also urged the sacred guarding of  
all school funds and the developmen-  
of the Indiana school system to the  
highest point of efficiency and he said  
he saw no reason why it should not  
be done at the present cost. He  
urged the following of the budget  
system in all public affairs and the  
cutting of expenses to the minimum.

He advocated the appointment of a  
commission to investigate all boards  
and commissions and abolishing every  
thing that this commission found  
unnecessary and useless. He also urged  
that any business that is benefitted  
or aided by a board of commission,  
be compelled to pay the costs of that  
board or commission. Mr. Jackson  
said the only way to reduce taxes is  
for the home people to get together  
and cut expenses as 98 per cent. of  
all tax money is spent at home.

Mr. Jackson made a short survey  
of what he has accomplished in the  
office of secretary of state. He said  
the gross revenue of his office had in-  
creased from \$1,400,000 to \$4,300,000  
under his term of office. He said he  
had cut the operating expenses of the  
office from 5.6 per cent. to 4.2  
per cent in spite of the increased  
business. This made a saving of  
\$150,000 per year he said. In speak-  
ing of the automobile department, he  
said he put into effect the plan of  
turning state house notary fees back  
to the state and thus saved the auto  
owners \$70,000. He said his depart-  
ment instead of buying the license  
plates for \$18.75 per hundred, bought  
them for \$11. This made a saving of  
\$250,000 he said.

The speaker also said he believed  
another \$100,000 could be saved the  
auto owners of Indiana by using a  
permanent license plate. This he  
said was only possible because of the  
certificate of title law now in vogue  
in Indiana.

Mr. Jackson was the honor guest  
of a number of local Republicans be-

## M'CRAY GETS TEN YEARS AND \$10,000

JUDGE ANDERSON PASSED SEN-  
TENCE ON INDIANA EXECU-  
TIVE AT TEN A. M.

### MAY SERVE THREE YEARS

Federal Parole Law Allows Prisoner  
Freedom After Serving One  
Third of His Term

INDIANAPOLIS, April 30.—Appar-  
ently resigned to his fate, Warren T.  
McCray, former governor of Indiana,  
was sentenced today to ten years im-  
prisonment in the federal prison at  
Atlanta, Ga., by Federal Judge An-  
derson for using the mails in a  
scheme to defraud. Judge Anderson  
also imposed a fine of \$10,000 on Mc-  
Cray.

As the clock struck ten the mantle  
of governorship fell from McCray's  
shoulders by virtue of his resigna-  
tion signed Tuesday afternoon at the  
Statehouse.

At the same moment the prisoner  
arose from his seat and a stir passed  
through the crowded courtroom. Then  
a deep hush prevailed.

Judge Anderson reviewed the case  
which he said was one of the most  
extraordinary in the history of federal  
jurisprudence.

Shortly after 10:15 o'clock Emmett  
F. Branch, lieutenant Governor, took  
the oath of office as governor. The  
oath was administered by Chief Jus-  
tice Ewbank, of the State supreme  
court.

A large crowd of people jammed the  
governor's suite at the statehouse to  
see Branch take the oath.

Slightly haggard, McCray appeared  
to have regained the solid composure  
which had characterized him through-  
out his trials as he faced Judge An-  
derson.

After sentence the prisoner was  
turned over to United States Marshal  
Meredith, his guard since Monday  
night when the jury returned a ver-  
dict of guilty on an indictment charg-  
ing him with using the mails to dis-  
pose of \$1,000,000 worth of forged and  
fraudulent notes to Indiana banks.

Immediate preparations for the  
trip to Atlanta were begun.

A federal prisoner is eligible for  
parole when one-third of his sentence  
has been served. Under a recent rul-  
ing of the United States supreme  
court, a prisoner against whom an  
other federal indictment is pending is  
not eligible for parole.

There is an indictment now pend-  
ing against McCray and Amos D.  
Morris, former cashier of the Dis-  
count and Deposit bank at Kentland,  
Indiana, charging them with violation  
of the national banking laws.

The usual custom is to dismiss other  
indictments where a defendant serves  
a sentence imposed on one.

McCray's personal affairs were in  
order for his departure to the federal  
prison at Atlanta, Ga.

By permission of Judge Anderson  
McCray went to the statehouse yester-  
day and cleared his desk of all  
pending state business.

He had worked nights at the state-  
house during his trials in criminal  
court and federal court and there  
were very few matters to be tended  
in preparation for the incoming  
executive.

For a little while McCray talked  
with his friends who gathered in his  
office. Then he wrote out his resig-  
nation and walked from the state-  
house to return no more.

## DePauw Notes

Speaking on the subject "Handicaps," Vice President Henry B. Longden, who is now acting president of DePauw during the absence of President George R. Grose, who is attending the Methodist Conference in Springfield, Mass., said that the man and woman who make a success in life in spite of handicaps, are those to whom the world bows.

He told incidents of where men and women, handicapped physically, had accomplished wonderful deeds, especially did he stress the achievements of an Antwerp artist, who without either arm, became through the dexterous use of his feet, one of the world's greatest painters.

"It is well," said the speaker, "to take an inventory of oneself every now and then and find out if you have a handicap, and if you have, work all the harder for your goal."

With May Day only a few days away, it being May 10, the many girls' organizations upon the campus are busily preparing for the May Day Pageant, the play, the May Day newspaper extra, the May Day breakfast, and other notable events of the celebration.

One of the features of the week-end will be the home appearance of the DePauw Glee Club on Friday evening in Meharry.

Many of the fraternities will celebrate May 11, as Mothers' Day. It being May Day Sunday also, at the college, a host of guests will be on the campus, many of whom will be Mothers of DePauw students.

### BOATMAN ROAD OBJECTED TO BY REMONSTRATORS

One Hundred and Forty-Five Tax Payers of Monroe Township File Objections to Proposed Road

A remonstrance with one hundred and forty-five names on it, has been placed on file in the office of W. D. Lovett, county auditor, protesting against the building of the Fred Boatman et al road in Monroe township. It was said the original petition only carried one hundred and five names, and it was further said if this is the case the remonstrators will be able to kill the proposed road improvement.

## MOORESVILLE WAS DEFEATED

LOCAL HIGH SCHOOL BALL TEAM HANDED VISITORS A WALLOPING

The Greencastle High School baseball team made a remarkable comeback Tuesday afternoon after their defeat at the hands of Jefferson High last week and dropped the fast Mooresville nine 20 to 3 in a game played on McKee field.

The local nine played accurate ball during the entire length of the game making only two errors, while the Mooresville team were less consistent making a total of eleven errors. Black, pitcher for the local nine, was the outstanding star of the game striking out 12 of the opposing batsmen and allowing three hits, while the local batsmen were able to connect with fourteen singles. This is the third game for the Greencastle High School team and the several changes that have been made has strengthened the team considerably. The local team has had very little practice since the previous game with Jefferson and went on the field determined to win and the fielding and work at the bat proved victorious.

Moore and Hayworth were the batteries for Mooresville, with Black and Campbell working for Greencastle. The game was called at the end of the sixth inning.

## REV. M'LEAN BROADCASTS GOOD TALK

Continued From Page 1.

STUDY HIM, be patient with him. It is hard for him to realize that you are no longer a baby that he loved and fondled and played with.

Share his work, step in and do the things he would have to do. Show him that you are becoming a man because you can share responsibility. Tell him the truth, no matter what it costs. A man always admires a boy that can be trusted.

Try to make him happy; tell him good jokes; make him laugh. A man lies the people he laughs with not the people he laughs at. Tell him the new experiences which come to you. He went through the same experiences years ago. It will do him good. It will make him young again.

Praise him. Really, your father would rather have you flatter him, than to hear the highest praise from anyone else. He cares what you think about him. When he does something you like, tell him so. When he does something you do not like, just keep still. He is apt to see his mistake quicker.

Any bright boy can manage the average father if he makes up his mind to do so.

I know a man who failed in business and lost a comfortable fortune. He was even thinking of suicide. His boy came into the store and found him discouraged.

"Why what's the matter with you, Dad?" asked the boy.

"Son, I have lost every dollar I have in the world."

The boy looked surprised, then smiled and said, "What do you care, Dad, you built one business and earned one fortune. You can do it again. Besides you've got mother and me, we'll help."

Let me say this about yourself.

Be clean. No boy can afford to be unclean. God made this world three-fourths water and one-fourth land. The reason is very plain. There is enough water in this world to keep clean.

Dirt is your worst enemy. Almost all diseases come from dirt. Any kind of dirt is bad whether material, mental, or spiritual. Therefore, keep dirt off your body, keep it out of your mind, keep it out of your heart, and keep it out of your speech.

The Bible says, "Your body is the house of God." If your body is the temple for the spirit of God, keep it clean.

Fill your life with religion. Open the windows of your soul to prayer. Live each day so that God will feel at home with you.

The human race is thousands of years old, yet no man has ever discovered a substitute for religion. Religion in a boy makes a strong man. The best men that ever lived in this world have been worshippers of God. As a rule criminals are not religious. Get on the right side, move along with the best crowd.

Keep ever in mind President McKinley's favorite motto from Emerson:

"So near is grandeur to our dust,  
So near is God to Man,  
When duty whispers low, 'You must'  
The youth replies, 'I can.'"

## BOYS MADE MERRY AT THE HIGH SCHOOL

(Continued from page one)

It was planned that the designers seemed to forget that there would be boys to take care of. Instead of providing a means whereby the boys could be kept off the streets and out of danger, they have been forced into them through lack of playgrounds to go to for recreation, and what is a boy without recreation? "The Boys cannot be blamed for this," he said, "it is we Dads who are to blame for the situation. Now, how are we going to cope with it?" The boys applauded both speakers roundly.

After the speeches came the big thing. The boys lined up and munched ice cream cones. There were almost enough for seconds all the way around.

Everyone went home well pleased and convinced that Boys Week started off in fine shape and the first day had been a success, thanks to the business men of Greencastle.

fore his address. He was accompanied by a ladies quartet who sang several primary campaign numbers. A drum corps made "noise" enough before the meeting to enliven the affair and make it resemble a regular campaign meeting. Harry Hawkins acted as temporary chairman of the meeting and introduced Mr. Jackson.

### LOCUST STREET SERVICE

Another interesting service was held last night in the Evangelistic Sees in Locust Street. Evangelist Lewis was unusually helpful in his sermon last night, dwelling on the value and importance of being sure winners for God's Cause. He used the New Testament story of the Palsied Man brought to the home where Jesus was stopping to be cured of his illness. He gave a graphic description of the incident and the discourse made a profound impression on all present. He will furnish the sermon tonight.

Evangelist Lewis is anxious to have a larger attendance of the Locust Street members, at the services and also a hearty co-operation of members of other churches.

Home prayer meetings are held at 9:30 to 10:00 in the mornings and nine homes are wanted for these services.

The Children's Sunshine Band is a great feature of the work. The Boys and Girls Chorus and the fine lessons they are getting, will be a noted part of the campaign. Over 500 are enrolled and meet at 11 p. m. to receive instruction and practice drills, songs and Bible studies.

Come tonight to hear this strong, capable evangelist and consecrated worker.

Public welcome.

Some very interesting papers including the Saint Louis Globe Democrat and the Indianapolis Herald were uncovered in the remodeling of the old Hurst Home which is being made into a funeral chapel by J. E. McCurry. The papers date back to August 27, 1882 and several very interesting articles were found in the columns of the papers. One article announced the advance of the British forces on garrisons at Alexandria, Egypt.

### FOUR NEGROES DIE IN STORM

OPELIKA, Alabama, April 30.—Four negroes were killed in a storm which swept the Gentry Hill section of the city early today.

More than a dozen homes were wrecked and damage was estimated at upwards of \$150,000.

Reports from Welsh said one white man was killed there.

The funeral of Nathaniel Sweet will be held Thursday morning at ten o'clock at the home one mile east of Hamrick station. Interment will be in Forest Hill Cemetery.

## VOTES TO REDUCE PAY OF OFFICERS

HOUSE REMOVES FOUR YEARS OF CADET SERVICE FROM THE LONGEVITY RECORD.

By EDWARD B. CLARK

Washington.—As is usual in time of peace, congress seems to have lost much of its interest in the army and navy. Every legislative attempt today seems to be directed not only to the cutting down of the forces, but to the saving of money at the expense of the personnel of the two services. Land officers and sea officers, the land officers particularly, feel that an injustice is being done them in several cases.

The other day the house of representatives adopted an amendment to an appropriation bill which, if the senate shall sanction it, further will reduce the pay of the men who have fought the country's battles and who will have to fight them again if another war shall come within the time yet allowed for their active service.

Army officers are given under the present law 10 per cent additional pay for each five years of service up to twenty years. Cadet service always has counted. The amendment sanctioned by the house removes the four years of cadet service from the longevity record. Therefore, a young man graduating from West Point must wait five years before he gets his 10 per cent additional pay, whereas, under the present law, he gets it at the end of one year of commissioned service.

Service Schools Fare Well.

While congress for some reason which most people perhaps cannot understand is always ready to peace time to show a parsimonious spirit toward the army and navy, it always has been rather generous toward the two service schools, West Point and Annapolis. Recently there has been a fear that these two institutions might suffer because of the seeming indifference of the country to anything which serves the preparation for the defense of the land in time of possible trouble. The two schools today are at the height of their efficiency.

This other night in Washington the one hundred and twenty-second anniversary of the founding of West Point was celebrated by a dinner attended by virtually all the West Pointers who are stationed in or near Washington, or who, having left the army, are living in this neighborhood. There were 207 former cadets at the gathering, and it was a noted one from virtually every point of view.

The oldest graduate present at the dinner was a member of the class of 1863, Brig. Gen. Henry Harrison Chase Dunwoody. There were two members of the class of 1870 present, Brig. Gen. Edward J. McClelland and Maj. Robert G. Carter, both of whom are on the retired list and both of whom have the distinction of being Medal of Honor men, having won this highest decoration in the gift of the government, for gallant deeds "over and above the call of duty" performed in the field against hostile Indians.

Their Records in Peace Time.

The West Pointers generally seem to feel a pride not only in the military field records of the graduates of the academy, but in the records of accomplishment in times of peace. The engineer corps of the army, which until a year or two ago, had no officers in its personnel except West Point graduates, has had in more than a century of existence only one case of criminal wrongdoing. Officers of the engineer corps supervise yearly the construction of great government works. They have every opportunity to profit personally if they should choose to leave the straight path. One case and one only of wrongdoing mars an otherwise perfect record.

Herbert S. Shipman, suffragan bishop of the Protestant Episcopal church in New York city, was for a good many years a chaplain at the United States Military academy. While there he wrote a song which has become one of the songs of the corps. It is considered generally to have rare literary merit. It is entitled "The Corps" and it is sung at virtually every West Point gathering. It was sung the other night. This is the first verse:

The Corps! The Corps! The Corps! The Corps! Bunched salute it; With eyes up, thanking our God That we of the Corps are trading Where they of the Corps have trod. They are here in ghostly assemblage. The men of the Corps long dead. And our hearts are standing attention While we wait for their passing tread.

At the dinner the other night all the gray heads and the black heads present were put down on the list of those present as "Cadets." Other ranks were forgotten, and the night was an academy night and nothing else.

## A Difficult Piece

A fashionable girl, calling on a friend, seated herself at the piano and entertained the little daughter of the house, aged eight, with a number of pieces.

When she glanced round the listener was looking at her round-eyed. Thinking that her music was thoroughly appreciated, she gave a very difficult "classical" piece as a finale, closing her performance with a crashing discord. The little girl looked up innocently.

"I can't play that tune, either!" she said sympathetically.

## INDIANAPOLIS LIVESTOCK

INDIANAPOLIS, April 30 — Hog prices advanced a nickel here today in an active market. Receipts were 9,500.

Nearly all sales were recorded at \$7.50 with some heavies selling down to \$7.45, and a few lights selling up to \$7.55. Most good sows sold at \$6.75, with a few selling slightly higher. Pigs sold down from \$7.

The cattle section developed some strength, and trading was on a more settled basis than has been the case for several days. Heifers are in poor demand caused by large receipts of this class. Good cows found a ready sale. Receipts were 1,000.

An advance of a half dollar featured the calf market. Extra choice veals commanded a top of \$10.50, and the bulk moved at \$9.50 to \$10. Receipts were 600.

Sheep and lamb quotations held generally steady with the exception of a fifty cent price reduction in woolled sheep. Receipts of 50 were hardly enough to establish values.

## TERRIFIC STORM

ATLANTA, Ga., April 30—Eleven persons were known to be dead today as a result of a terrific storm and cyclone which swept through the southeast last night and this morning.

## Concrete Pavements Grow Stronger Year After Year

When you vote for a paved road or street, you want to know that you won't be called upon for assessments every now and then to repair or rebuild it.

Built according to present-day high standards, Concrete roads and streets permanently withstand the heaviest pounding and grinding of modern traffic. In fact, they grow stronger year after year.

That is because their definitely proportioned mixture of sand, pebbles or broken stone, and water, is held together by the everlasting grip of that tenacious binder, portland cement.

Concrete Pavements have the repair built out and the maintenance built in. That is why they pay you handsome dividends in satisfaction and service.

Firm, rigid, unyielding, and the last word in paving economy, Concrete Roads and Streets are also skid-proof. And their color is a pleasing, light gray—another very important advantage, especially for night driving.

Watch for advertisements telling about the many other uses of concrete. And remember that the Portland Cement Association has a free personal service to offer you. Whether you use concrete or have it used for you, this service will give you more for your money.

Our booklets R-3 and R-4 tell many interesting things about Concrete Roads and Streets. Which one would you like us to send? There is no charge.

## Why suffer from Rheumatism?

There is a certain unexplainable feeling that goes with hale and hearty old age—it is a feeling of weariness, of care unknown, of re-growth.

Rheumatism—that deadly mal-which has caused so many to suffer to the woes of pain and suffering—caused so many to forego the joys of life—caused so many to dependent. Why suffer from it?

It is helped about—crutches, canes, walking sticks, always needed to get you here and help you there. Rheumatism will vanish the same as all disorders—the same as all disorders—the same as that run down condition when S. S. S. is used. S. S. S. builds red blood cells by the score. Your nerve power is strengthened. When rich, red, nomical.

healthy blood courses through your veins, there is no such thing as inflammation or neuralgia of the muscles and joints. S. S. S. is what you need to retain that old time vim and vigor and vitality, when you turn down the final stretch of life.

Mr. M. A. Farmer, Elyria, Ohio, writes:

"S. S. S. relieved me of rheumatism and nervousness. It is the best medicine for building up the blood."

## IN MEMORY

In loving remembrance of our dear wife and mother Susan Caroline Lane, who passed away one year ago today, April 29, 1923.

'Tis hard to break the tender cord, When love has bound the heart, 'Tis heart, so hard, to speak the words,

"We must forever part." Dearest loved one, we must lay thee

In the peaceful grave's embrace. But thy memories will be cherished Till we see thee heavenly face.

## NOTED MAN TO BE HERE

Mr. M. Vorhees, D. D., National Secretary of Phi Beta Kappa, will be in Greencastle on Thursday, May 2.

This distinguished divine and orator of numerous historical papers on a tour of visitation of the Phi Beta Kappa through the north-central district. He will address the University chapel at 8 a. m. and at 8:00 p. m., there will be an informal meeting of the local chapter in the Bowman Memorial auditorium. This will give opportunity for members to meet Dr. Voorhees and hear what is being done by Phi Beta Kappa in the world of education.

Dr. Voorhees is also editor of the national organ, The Phi Beta Kappa Key. Perhaps his most important historical contributions have been in the discovery of many records of the early years of the Society and these will remain in monument to his labors. All local members are invited to be present at chapel service, Thursday morning, at the social hour Thursday evening.

## COOLIDGE STUDIES NEW ENGLAND IDEA

CONFERS MUCH WITH LEADING MEN FROM HIS SECTION OF THE COUNTRY.

### LABOR, RAILWAYS DISCUSSED

By EDWARD B. CLARK

Washington.—President Coolidge has been conferring with Republican politicians, statesmen and near statesmen of his party. He has put in much time in conference with New England leaders of Republican thought, notably William M. Butler, Republican national committeeman from Massachusetts, and Frank W. Stearns, also of Massachusetts, who sometimes is called "the Colonel House" of the present administration.

The President is a New Englander, and naturally enough may be given to the belief that a New England idea is the right idea. It is admitted in Washington that American history shows that on a number of occasions the idea of New England has been the right one, although in the early stages of its development on several occasions it has met with strong opposition.

One or two of the President's friends have said that he is getting the New England thought for the purpose of finding out whether it fits in with the national thought, but that if it does not he will be willing to admit for practical legislative purposes that the New England idea is not the nation's idea.

#### Backs Him for Nomination.

Day after day it seemingly becomes plainer that all of the New England states are to array themselves back of the President in the Republican national convention. His views on some things, it is known, are not those of the majority of his party in the home land, but the New Englanders, apparently because of pride in a native son and his achievements, are willing to overlook some differences of opinion hoping that enlightenment may come to the "erring one" before he has run his administrative course.

That part of New England which loomed many of its distinguished spokesmen to the so-called cause of anti-imperialism is today staunchly in favor of the adoption of some American legislative or state department plan to help Europe. A great majority of New Englanders, however, holding membership in either great political party, stand opposed to what they call intervention in foreign affairs. There are some men here, and Republicans among them, who still believe that at heart Mr. Coolidge stands with that small New England phalanx which thinks that America has a quick duty to perform abroad.

William M. Butler, the Republican national committeeman from Massachusetts, is said to be a good political adviser. Mr. Butler knows the ins and outs of labor matters in Massachusetts where some great concerns have accepted unionism and some great and even greater concerns have refused to accept it in the form that its leaders insist upon.

#### Conferring on Labor Affairs.

New England is a manufacturing community. Also it is a community where transportation subjects constantly are salient and constantly are troubling. On the same days that President Coolidge has been consulting Committee Butler he has been consulting also the most prominent labor leaders of the country, notably the representatives of the railroad brotherhoods. A Massachusetts man who is in daily communication with the "inner outposts" of the White House recalls the fact that President Coolidge was a party to the conferences which the late President Harding had with the officials of the American Federation of Labor.

Transportation matters possibly may be given the attention of the incoming congress. President Coolidge is trying that kind of best usually called level, to placate some of the country's elements which have in their heads legislative plans running all the way from tearing up the rails to turning all the transportation companies over to the paternalistic care of the government.

New England is conservative on railroads as it is on labor. The President temperamentally and presumably by conviction is a conservative. It is said that his attempt will be to do what he can to appease labor and "progressive radicalism" and yet not lose the affections of conservatism. It will be rather a hard job. Seemingly he is getting opinions from both sides of a troublesome controversy in order to find a way of striking the happy mean between the extremes, and it is certain that they are extremes.

The President still is at work on his message. Labor, transportation and foreign affairs are not the only things which he must discuss. The taxation subject at present is worrisome and it will continue to be until the echo of the last voice on the subject in the next congress has died away, and there will be many voices and necessarily many echoes. It may be, however, that taxation will be given no legislative thought this winter.

#### A Ready Striker.

Father (seriously)—My boy, don't you think it's about time for you to stand alone?

Son (cheerfully)—All right, dad, I can stand a loan right now. Suggest you make it \$50.

from the house and entered the waiting auto with curtains drawn.

He was driven to the United States Marshal's office in the federal building. There, sitting with his attorney, McCray, talked a little with newspaper men who had "covered" the trial.

At last he said: "Good-bye boys, member me," and was taken to jail a few moments later.

Drew Miller of this city was in Indianapolis Tuesday on business.

The Country Reading club will meet Thursday afternoon at 2:30 p.m. Mrs. Lola Long.

### FILLMORE RESIDENT DIED ON WEDNESDAY

Was Confined to Bed for Period of Five Weeks. Cause of Death

George B. Ruark, aged fifty years and five days, passed away Sunday morning at eight twenty o'clock at his home one half mile south of Fillmore.

The deceased was a farmer on a fairly large scale owning considerable land south of Fillmore where he worked until illness caused cancer of the stomach confined him to his bed, where he has been for the past five weeks.

He is survived by the wife and two children, Herschel Ruark of Fillmore, and Mrs. Hazel Lisy of Indianapolis. He is also survived by a brother, Gilbert Ruark of Fillmore, and three sisters, Mrs. Minnie B. of Marion township, Mrs. Jewel B. of Marion township and Mrs. Della Glidewell of Indianapolis.

The funeral will be held Friday afternoon at 2:30 o'clock at the E. church of Fillmore. Rev. G. W. will have charge of the services. Interment will be in Forest Hill cemetery.

### DELEGATION MAKES APPEARANCE

WASHINGTON, April 30.—A huge delegation of church, peace and law organizations besieged congress today with a plea for American participation in the world court.

The court crusaders appeared at the opening of the hearings before special senate foreign relations committee, which is considering proposals for American participation in legal adjudication of world affairs.

James G. McDonald, head of the foreign policies association, in opening the session, urged that the senate take steps guaranteeing full American adherence to the international justice court now sitting at The Hague.

### ENDORSE GOVERNOR HYDE

SPRINGFIELD, Mo., April 30.—Although the Republican state convention here instructed delegates support Governor Arthur Hyde in nomination for vice president, the governor announced today he was a candidate for the office.

"The support of no other state delegates will be sought and I will make no campaign for the nomination," he said.

The convention endorsed President Coolidge.

A mild anti-Ku Klux Klan plan was adopted. It hit at religious bigotry. It was approved by high Klan officials.

Negro delegates who sought one of the delegates at large were turned down, causing considerable resentment. They refused to accept a commission as alternate for one of the number.

### NOTICE

To the residents of the First Ward.—The First Ward Parent-Teachers Association is not soliciting money for the resurfacing of their playground and for any other purpose and have not authorized any one else to do so.

MOTHER-IN-LAW OF JUDGE DIES IN INDIANAPOLIS, April 30.—Mrs. John L. Campbell, 88, mother-in-law of Federal Judge A. B. Anderson, died last night at the home of Judge Anderson here.

Funeral services will be held at the home of a daughter, Mrs. Mary Crane in Crawfordsville, Thursday.

Mrs. Campbell was born at Madison, Ind., in 1835. She was the wife of Prof. John L. Campbell, former professor of Wabash college, who died twenty years ago.

The regular noon picture was not shown today owing to the fact that the film did not arrive.

#### BRANCH IS PROPOSED

INDIANAPOLIS, April 30.—Brought suddenly into prominence by the events of the last two days, Governor Emmett F. Branch was today discussed in Martinsville, his home town, as a possibility for the Republican nomination at the state convention on May 22.

If the convention deadlocks over the choice of a nominee, it is pointed out by his townsmen that Branch may be selected.

Branch will preside at the convention. He was chosen as permanent chairman by the committee on convention arrangements several weeks ago.

#### SMITH GETS TWO

BOSTON, Mass., April 30.—Smashing the Democratic state committee slate and running second only to Senator David I. Walsh, unpledged, General Charles H. Cole of Boston pledged to support Governor Al Smith of New York at the Democratic national convention, was elected delegate at large in the Massachusetts primary election.

Smith received a second endorsement when the voters elected Joseph B. Ely of Westfield, the only member of the state committee slate who had announced his support of the New York governor.

The Republican delegation of 39 all known to favor President Coolidge, were chosen with little difficulty.

#### Looked Like It.

A woman had engaged a negress to do some cleaning for her. She was in the middle of dusting some of the many silhouettes that the mistress of the house owned, when she turned round and said:

"Laws, Mrs. Smith, I didn't know you'd kin was of de same race as mine."

## TAILORED STYLES PROMOTE HATS OF SILK AND BRAID

SEVERAL million souls with out a single thought and several million hearts that beat as one have made the tailored suit and the tailored frock star performers in spring's style pageant.

Those women who have not already acquired a new tailored outfit are busy in the pursuit of one, and the confidence that nothing is more approved lends zest to this business.

The tailored suit requires a tailored hat—any other kind of millinery will prove a jarring note in the spring song of proper things for street wear. And obliging milliners have provided tailored hats to meet the demand. Few of these are severely simple, even when strictly tailored, and most of them achieve a becomingness that is nothing less than a genius for flattery.

Hats of straw braids, hats of silk and hats of silk and braid combined, appear in the front rank of tailored designs for spring. Many lustrous millinery fabrics that look silky are also used. Ribbons, especially in the narrow widths, are most important for trimming, but the tailored hat is not

much restricted in this matter—designers have learned to adapt almost all trimmings to the tailored mode.

Four hats pictured here give a hint of the diversity of shapes presented. At the top a fine bangkok is faced with georgette and embroidered with fine chenille and a few beads. Below, at the right, a black taffeta hat has petals of figured silk outlined with braid, applied to the crown, and a facing of the silk. Flat flower motifs trim it. On a milan shape rings of the straw and a sash of moire show what can be done with only two materials—and ingenuity. Another example appears in the small hat of taffeta silk with the upward turn in its front brim. Rows of braid in two colors are stitched to it and the same braid and silk fashion the trimming.

Sailors, in both round and straight-crowned styles, are late arrivals among tailored hats. Strap and buckle trimmings are liked for them, and bindings of narrow silver or gold ribbon strike a new note.

## H. S. Notes

Today was Bank day in the schools again. The total for the departmental was \$4.33, and that for the High School was \$18.90. The latest report received shows that we have fallen from in the seventy column to the place of 92nd, with a percentage of 42.

The eighth graders are working hard for their entertainment which will be given Friday night. The program should, if effort and work is any indication, be a fine one and fill the

evening to satisfaction. The tickets are almost all gone now.

The boys paid their visits to the various business establishments this afternoon after school. The business men took them around in automobiles to their respective places.

All of the boys are happy over their night of play in the gym last night.

The public speaking class under Miss Gunn is working on plays at present. They are preparing to give a program in chapel on the morning of the 14th of May. The program will consist, for their part, of a play and some readings. They are working on
